| Appendix J: The Questionnaire (June 2015)               |             |

This reports contains the weighted data results from the Establishment survey for the period April - June 2015

Data is presented at different levels

- Household

- Set

- Individual

Accordingly; bases do vary.

Appendices contain details of the survey objectives, sample design, response rates and standard definitions. A copy of the questionnaire is also included at the end of the report.

## **Appendix A**

### **Survey objectives**

The Establishment Survey has three major purposes:

1. To establish for households and individuals in each ITV area and BBC region:
  - a) television ownership
  - b) television reception
  - c) ownership of television related equipment
  - d) detailed demographic information.
2. To obtain targets for the results of the survey for various interlaced demographic and television reception characteristics to which the BARB panel, when selected, should conform. These targets are used as weekly panel controls. They include:
  - Age of housewife
  - Size of household
  - Presence of children
  - Social grade
  - Age
  - Sex
  - Working status (adults)
  - Terminal age of education
  - Number of sets
  - Set characteristics
  - Ownership of TV related equipment
3. To provide a master sample of households of known characteristics from which the panels are maintained. Selection is based on geographic location, as well as the controls listed above, so that for each BARB region the various strata are correctly represented.

## **Appendix B**

### **The sample**

The Establishment Survey is selected as an annual sample, which is then divided into twelve monthly replicates. The design is such that the monthly samples will support Network reporting and the quarterly samples will support full regional reporting. This appendix details the sampling procedures used.

### **POPULATION DEFINITIONS AND GEOGRAPHY**

The Establishment survey is designed to be representative of all permanent residents in private households in the UK. This excludes about 3% of individuals who are resident in non-private households.

The population is divided into ITV reception areas and BBC editorial regions. These are defined by BARB in terms of postal geography.

BBC editorial regions and ITV reception areas are both non-overlapping geographically defined regions. There are 13 BBC editorial regions and 14 ITV reception areas.

When ITV areas and BBC regions are overlaid, a total of 32 mutually exclusive BBC/ITV area segments are generated.

A number of these are then further subdivided based on geographical considerations and a total of 48 BBC/ITV segments are used for sampling purposes.

### **SAMPLE STRATIFICATION**

The sample is stratified using the following variables:

- BBC/ITV Segment
- Low Population Density (Yes/No)
- Cable areas
- five Reception areas
- DTT area stratifier (low/medium/high)
- Ethnicity
- Geodemographic

BBC/ITV segment is the primary stratification. Sample requirements within the 48 BBC/ITV segments are calculated with reference to ITV area panel sizes. The total annual sample size is 56,508 which is split into four quarterly replicates.

### **SAMPLE SELECTION**

The sample selection within BBC/ITV segment entails the systematic selection of output areas followed by the selection of addresses within output area.

a) Selection of output areas

There are two procedures for the selection of output areas based on density of population. The method covering the less densely populated parts of the country (about 15% of the population) uses a more clustered design which is necessary to create a workable fieldwork task.

*Type A - Higher Population Density*

Within each BBC/ITV segment, output areas are ordered within the following hierarchy:

- Cable Areas (Yes/No)
- five Reception Areas (Yes/No)
- DTT Area
- Ethnic stratifier

This creates up to 24 sub-strata categories. If a sub-stratum has a population estimate smaller than the sampling interval, it is collapsed into the adjoining stratum. Output areas are then sorted by ACORN code within strata, and selected systematically with probability proportionate to population, using a random start point and fixed interval procedure. Three output areas per assignment are selected, being grouped according to their geographic proximity.

*Type B - Lower Population Density*

Within each BBC/ITV segment postcode sectors are ordered within the 8 reception sub-strata. They are then sorted within these strata by "wealth indicator" (averaged ACORN code for the constituent output areas) and selected systematically with probability proportionate to population, using a random start point and fixed interval procedure.

Within selected postcode sectors, four output areas per assignment are systematically selected.

b) Selection of addresses

Within selected output areas, addresses from the small user postcode address file are ordered by postcode and a start address is selected at random. Subsequent addresses are selected with a fixed interval of five addresses in Type A assignments and three addresses in Type B assignments. A matched sample of substitute addresses within the same output area is also drawn, for use if the matched primary sample address is ineligible (i.e. no household is found at the address).

The number of addresses issued per assignment varies by BBC/ITV segment, in line with varying response rates. Because this number is not always a multiple of three or four, the number of addresses per output area within assignment also varies. These requirements are updated in line with the latest response rate information.

If two or three households are resident at an issued address, an interview is attempted with each one. If more than three addresses are found, a Kish grid procedure is employed to identify which three households should be approached.

## **Appendix C**

### **Fieldwork and results**

The tables in this report are based on Establishment Survey interviews carried out between April and June 2015

The following table shows the fieldwork results. Data are given for the total sample.

An explanation of some of the terms is given below.

#### **SHOP/BUSINESS**

The small user part of the Postcode Addresses File lists delivery points. It includes any business which receives an average of fewer than 20 letters per day. These addresses are ineligible for interview unless there is a private household at the same address.

#### **OTHER NON EFFECTIVE**

This category includes all reasons other than those shown in the table for classifying the addresses as non-effective.

#### **SUBSTITUTE ADDRESSES**

Ineligible addresses are replaced with substitute addresses - see Appendix B - Selection of addresses.

#### **ADDITIONAL HOUSEHOLDS AT MULTIPLE OCCUPANCY ADDRESSES**

Some addresses, such as houses converted into flats, yield more than one household. The procedure at these addresses is described in Appendix H.

#### **NON CONTACT**

In these cases the address was believed to be occupied but no reply was obtained from at least 4 calls. At least two of those calls were made in the evening or at a weekend.

#### **REFUSAL**

All total and partial refusals by, or on behalf of, either the head of household or 'housewife', or a partner of either of these, are included in this group.

| Response Analysis: April - June 2015 |               |
|--------------------------------------|---------------|
|                                      | Total Network |

## Appendix D

### Definitions

#### Population

The “All Households” and “Individuals in all Households” values are based on Office of National Statistics estimates and projections.

#### Private household

Interviews are only carried out at private households. A private household consists of either one person living alone or a group of people, usually but not always members of one family, who live together and whose food and other household expenses are managed as one unit.

#### Working TV Set

A TV set is defined as working if it is in working order and is used at least once every six months or if arrangements have been made to repair the set in the next 4 weeks.

#### TV household

A TV Household is a household which has at least one BARB defined working television set.

#### Multichannel household

A multichannel household is defined as a household which receives broadcasts from any station other than BBC1, BBC2, ITV, CH4, five, S4C or RTE. It excludes homes which receive only terrestrial stations via cable.

#### DSAT / DTT / Cable

Reception by digital satellite / digital terrestrial / digital or analogue cable.

#### BBC areas

These are as defined by BARB at the date of the survey.

#### ITV areas

These are as defined by BARB at the date of the survey. S4C results are based on homes in the principality of Wales.

#### Household member

Every individual who lives regularly in a private household address is included as a regular household member.

Household members include:

- a) All relatives living in the household for at least four nights a week.
- b) Married people living away from home most of the week but who return to their spouse at this household for at least one night per week (e.g. at weekends).
- c) Any who are away in hospital or on a business trip at the time of the interview, unless they have been away for more than six months.
- d) Fisherman or armed forces personnel where this is their only permanent address.
- e) Children under 16 years away at boarding school.
- f) Boarders in residence for at least four nights a week unless they are married and return to their own spouse at least one night per week.

Household member (cont)

Household members exclude:

- a) Students, over 16 years away at school, college or university.
- b) Armed forces or merchant navy personnel who are stationed permanently away from home.
- c) Lodgers from separate households as they cater for themselves (whereas boarders have at least one meal provided by the housewife).

Housewife or Houseperson

The housewife is the member of the household who is solely or mainly responsible for the household duties.

- a) There is one and only one housewife in a household
- b) A housewife may be male or female
- c) If two people of different sex share the household duties the woman is regarded as the housewife
- d) If two people of the same sex claim shared responsibility, the elder is taken as the housewife
- e) Paid domestic help is never the housewife.

Head of household

The Head of the Household is the member of the household who meets one or more of the following requirements:

- a) Owns the property.
- b) Is legally responsible for the rent of the accommodation.
- c) Has the use of the accommodation because of the job.
- d) Is related to the owner or tenant who is not a regular member of the household. For example the wife of a member of the armed forces who is permanently posted away from home will be the Head of the Household.

Joint responsibility for head of household can be claimed between a couple who share ownership, however in such cases a single head of household will be defined based on sex (the male will be taken in a mixed-sex couple) and age, with the eldest being taken.

Social Grading

The social grade of a household is determined by the occupation of the Chief Income Earner.

Chief income earner

The Chief Income Earner is the member of the household with the greatest total income, whether from employment, pensions, state benefits, investments or any other sources.

Screen size

The size of the television screen is measured diagonally across the screen.

Employment status

In the report tables, working F/T is defined as those working 30 or more hours per week while working P/T is defined as those working between 8 and 29 hours per week (the working category in the projected tables include those working 8 or more hours per week). Adults and housewives working less than 8 hours per week or in full time education are included in the "not working" groups.

## **Appendix E**

### **Number of televisions in the household**

The Establishment Survey report provides data for only those sets which are working or temporarily out of order.

Any set “permanently out of order” has been deducted from the number of sets in a household. Thus, if a household has two sets and one of the two is “permanently out of order”, it has been treated as a single set household in the tables. Similarly, if a household has only one set, which is “permanently out of order”, it is shown as a “No TV” household.

## **Appendix F**

### **Rounding**

The values shown in the tables in this report are those obtained from the weighted sample data rounded to the nearest thousand. The effect of this is that in some instances the component parts in a table may not sum exactly to the total and, similarly, values in the one table may not sum to a value in another table (e.g. men + women might not equal adults).

## Appendix G

### Sample bases for the tables

The following table gives the unweighted sample bases for the main report tables. They are an aggregation of all fieldwork from April to June 2015

|                 | <b>All Households</b> | <b>Total TV Households</b> |
|-----------------|-----------------------|----------------------------|
| All Households  | 13130                 | 12345                      |
| All Sets        | 24634                 | 24634                      |
| All Individuals | 32284                 | 30599                      |
| Children 0-15   | 6183                  | 5937                       |
| All Adults      | 26101                 | 24662                      |
| Adult Males     | 12688                 | 11940                      |
| Adult Females   | 13413                 | 12722                      |

## **Appendix H**

### **Multiple households at issued addresses**

Establishment Survey interviewers are issued with a set of pre-selected addresses to which all interviewing is restricted. It is possible for more than one household to exist resident at a single address, however, therefore after checking the address with a responsible adult, the interviewer first determines the number of households living at the address.

In the small proportion where the answer is two or more, special procedures apply.

If the number of households is two or three, the interviewer attempts to interview each of the households.

If there are four or more households at the address the interviewer lists the details of the households in a Kish grid. This procedure provides random selections determining the three households that the interviewer should attempt to interview.

The procedure at the additional households is as for any other interview. The total of these additional households by area and overall are shown in the fieldwork response analysis given in Appendix C.

## **Appendix I**

### **Weighting**

Quarterly Establishment Survey data are weighted using a rim weighting technique to control for the following:

Household size (1 and 2+) by geographical segment (48 in total)

Sex by age profiles for each standard region

The age profiles used break down into the following groups:

0-4, 5-9, 10-14, 15-24, 25-34, 35-44, 45-54, 55-64, 65+

Population targets for these rims are derived from census data, ONS and Department of Environment projections

## **Appendix J**

### **The Questionnaire (June 2015)**

# BARB Establishment Survey Questionnaire

Version: User 24.2

Date: 05/12/2014

Internal Use Only

Status: Final

Prepared for fieldwork month: June 2015

## Version Control

Changes included in this version:

| Question No | Description of changes to this version                          |
|-------------|-----------------------------------------------------------------|
| S71         | New check question for Freesat and Sky claims                   |
| S68/S69     | Questions switched so that Sky is asked about first.            |
| S24         | Question and option text change                                 |
| P17         | New question asking about mobile phone ownership                |
| P18         | New question asking about smartphone ownership                  |
| H118        | New re-contact question specifically for joining the BARB panel |

## START OF SET LOOP

**REPEAT THE FOLLOWING QUESTIONS FOR THE FOLLOWING TYPES OF TV SETS**

- A) IN USE (COUNTED AT H63)**
- B) TEMPORARILY OUT OF ORDER (CODED AT H82) –**

**SUMMARY TO BE PROVIDED FOR REST OF SET LOOP ONCE LOCATION (S3) IS ASKED**

**DISPLAY ON SCREEN WHICH TV IS BEING TALKED ABOUT**

**IF 1<sup>st</sup> TV:** Talking about your **main set** only, which is located in the <<INSERT S3 RESPONSE>>.

**FOR ALL OTHER TVS “NOW TALKING ABOUT YOUR 2<sup>nd</sup>/3<sup>rd</sup> set...” ETC AS APPLICABLE FOR S5-S38**

**ASK FOR ALL SETS INCLUDED IN MAIN SET LOOP**

**S3 intro** **IF 1 valid set:** Thinking about the TV set that your household uses to watch television...

**IF 1 valid set defined as Temporarily Out of Order at H82:** Thinking about the TV set that your household normally uses to watch television when it's working...

**IF 1 valid set defined as Temporarily Out of Order at H82:** Thinking about the TV set that your household normally uses to watch television when it's working...

**If 2+ valid sets:** Going back to ask about the TV sets that your household uses to watch television.

Thinking of each television set in turn and starting with the one that you and your household watch most often...

**If 2+ valid sets and at least one of these is defined as Temporarily Out of Order at H82:**  
Going back to ask about the TV sets that your household use to watch television and including the TV <set/sets> which <is/are> temporarily out of order but which you would normally use to watch TV

Thinking of each television set in turn and starting with the one that you and your household normally watch most often...

**2+ SET:** Now thinking of your <second, third, fourth etc...> TV set

**ASK FOR ALL SETS INCLUDED IN MAIN SET LOOP**

**S3 SHOW SCREEN** **SP**

In which room in your house is this TV set?

- A. Main living room
- B. Kitchen (which is not the main living room)
- C. Adult's bedroom (which is not the main living room)
- D. Child's bedroom (0-15) (which is not the main living room)
- E. Other bedroom
- F. Second living/dining room
- G. Study/office
- H. TV room
- K. Conservatory
- L. Attic or loft room
- I. No specific location/frequently moved
- J. Other (WRITE IN)

**ASK FOR ALL SETS INCLUDED IN MAIN SET LOOP**

**S5** What is the screen size in inches? By that I mean the diagonal measurement across the screen **NUM**

**NOTE: if screen size is not known, measure diagonally across the screen**

WRITE IN (2 digits required)  
Don't know

**ASK IF S5 = 5 - 9**

**S5a** You have said that the TV screen size is <<insert size at S5>> inches. Is this correct? **SP**

Yes  
No

**IF NO, ROUTE BACK TO S5**

**ASK FOR ALL SETS INCLUDED IN MAIN SET LOOP**

**S6**      **NOTE: Was the diagonal screen measurement ...?**

SP

Claim

Actual measurement

## END OF PLATFORM VALIDATION QUESTIONS

## START OF REMAINDER SET LOOP

**REPEAT THE FOLLOWING QUESTIONS FOR ALL TV SETS USED ONLY FOR PLAYBACK OR WITH A COMPUTER OR GAMES CONSOLE (H82)**

**ASK FOR ALL SETS USED ONLY FOR PLAYBACK OR WITH A GAMES CONSOLE OR COMPUTER**

**IF 1 set defined as used only for games, a computer or to playback tapes or DVDs:**

You said that you have one set which is used only for games or a computer or to playback tapes or DVDs.

Thinking about this TV set...

**If 2+ valid sets:**

You said that you had <insert number of sets> sets which are used only for games or a computer or to play back tapes or DVDs

Thinking about each of these sets in turn and starting with the one that you and your household use most often...

**2+ SET:** Now thinking of the <second, third, fourth etc...> set used only for games or a computer or to playback tapes or DVDs...

| H118            | <p>Thank you.</p> <p>BARB also provides the TV industry with the official TV viewing figures. Sometimes called the TV ratings. This is done by Kantar Media using data collected from a small number of homes which are specially chosen to represent all TV viewing in the UK.</p> <p>We understand that you would prefer not to be recontacted for future research generally and we will not do this but, if selected to be a panel home, would you be interested in this? If you think you might be interested you would be under no obligation to take part.</p> <p>Yes<br/>No</p> <p>Not Asked <i>[Extra code for interviewers who don't ask this question based on a very definite No at H50]</i></p> | SP |

## END OF THIRD HH SECTION

---

THANK THE PARTICIPANT AND CLOSE THE INTERVIEW
